INDEPENDENT AUDITOR'S REPORT

**Honorable Mayor and Members
Of the City Council
City of Lilburn
Lilburn, Georgia**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the **City of Lilburn, Georgia** (the "City") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Lilburn, Georgia as of June 30, 2017, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4-7 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The Schedules of Expenditures of Special Purpose Local Option Sales Tax Proceeds, as required by the Official Code of Georgia 48-8-121, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedules of Expenditures of Special Purpose Local Option Sales Tax Proceeds (the "supplementary information") are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Governmental Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 8, 2017 on our consideration of the City of Lilburn, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**CITY OF LILBURN, GEORGIA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

Management's discussion and analysis of the financial performance of the City of Lilburn, Georgia (the "City") is intended to provide the readers of these financial statements with an overview of the City's financial activities for the year ended June 30, 2017.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets, liabilities and deferred inflows and outflows of resources, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 8 and 9 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City are considered governmental funds.

Governmental funds are used to account for essentially the same functions reported in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

The basic governmental fund financial statements can be found on pages 10-13 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 14-28 of this report.

Government-wide Financial Analysis

Summary of the City's Net Position
June 30, 2017 and 2016

	Governmental activities	
	<u>2017</u>	<u>2016</u>
Assets:		
Current and other assets	\$ 6,975,777	\$ 8,427,158
Capital assets	<u>23,177,540</u>	<u>20,889,605</u>
Total assets	<u>30,153,317</u>	<u>29,316,763</u>
Liabilities:		
Long-term liabilities	187,796	199,890
Other liabilities	<u>319,742</u>	<u>942,568</u>
Total liabilities	<u>507,538</u>	<u>1,142,458</u>
Net position:		
Investment in capital assets	23,177,540	20,889,605
Restricted	348,454	862,315
Unrestricted	<u>6,119,785</u>	<u>6,422,385</u>
Total net position	<u>\$ 29,645,779</u>	<u>\$ 28,174,305</u>

The net position of a governmental entity may serve as an indicator of the entity's financial position. The City's net position at June 30, 2017 was \$29,645,779 as compared to \$28,174,305 at June 30, 2016. At June 30, 2017, a total of \$23,177,540 of net position, or 78%, are invested in capital assets (e.g., land, buildings, infrastructure, equipment, etc.). At June 30, 2016, a total of \$20,889,605 of the net position, or 74%, was invested in capital assets. The increase is primarily due to the construction on the new city hall building and the main street improvement/realignment project. Also at June 30, 2017, the City had restricted net position of \$348,454 which was restricted for capital projects and public safety based on intergovernmental and other agreements. This balance was \$862,315 at June 30, 2016 and the decrease results from expenses of SPLOST collections from Gwinnett County. The remaining balances of net position, \$6,119,785 at June 30, 2017 and \$6,422,385 at June 30, 2016, are considered unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors.

Summary of Changes in the City's Net Position
Years Ended June 30, 2017 and 2016

	Governmental activities	
	2017	2016
Revenues:		
Program revenues:		
Charges for services	\$ 2,157,141	\$ 2,770,146
Capital grants and contributions	2,416,702	2,920,986
General revenues:		
Property taxes	1,967,732	1,908,260
Franchise taxes	851,516	908,555
Alcoholic beverage taxes	484,304	474,417
Other taxes	1,359,438	1,285,220
Unrestricted investment earnings	11,964	6,003
Miscellaneous	36,303	75,650
Total revenues	<u>9,285,100</u>	<u>10,349,237</u>
Expenses:		
General government	2,015,714	1,619,217
Police	3,316,090	3,326,854
Courts	408,982	759,079
Streets	1,178,755	1,138,437
Recreation	207,611	90,108
Planning and zoning	483,920	437,576
Economic development	135,141	129,357
Marketing & Events	67,413	68,284
Total expenses	<u>7,813,626</u>	<u>7,568,912</u>
Change in net position	1,471,474	2,780,325
Net position, beginning of year	<u>28,174,305</u>	<u>25,393,980</u>
Net position, end of year	<u><u>\$ 29,645,779</u></u>	<u><u>\$ 28,174,305</u></u>

Net position of the City increased by \$1,471,474 in 2017 and \$2,780,325 in 2016. Revenues declined due to a one time intergovernmental agreement with Gwinnett County and other one time grants. Expenses increased primarily due an increase in personnel costs, and insurance on the new City hall building.

Analysis of the City's Funds

The net change in fund balance for the City's governmental funds was a decrease from the prior year of \$834,345. This decrease was a result of the City spending the remaining proceeds from the 2004 and 2009 SPLOST programs as well as spending capital project funds on the new city hall.

The 2004 and 2009 SPLOST funds have collected and spent all of the revenue from the sales tax collections from the County. These funds were closed out during the fiscal year ending June 30, 2017.

The 2014 SPLOST fund has collected all of the revenue it will from the sales tax collections from the County and continues to spend the collections on projects. This fund has \$287 remaining to be expended at June 30, 2017.

The 2017 SPLOST fund began collecting revenues from the sales tax collections from the County in April 2017 and will continue to collect these amounts over the next five fiscal years. The fund has a fund balance of \$307,861 at June 30, 2017.

The Capital Projects fund is collecting revenues from Intergovernmental agreements with the County and transfers of Title Advalorem Tax from the General Fund, to fund various capital construction projects within the City limits. The fund has a fund balance of \$1,380,967 at June 30, 2017.

The Confiscated Assets fund is collecting revenue from cash confiscations and federal seizures to support police operations. The fund has \$40,306 of fund balance at June 30, 2017.

Budgetary Highlights

The City adopts an annual budget for the General Fund and Confiscated Assets Fund. The budget, as originally adopted, for the General Fund included expenditures of \$7,809,886 with budget amendments for expenditures resulting in a final budget of \$7,812,915. Overall actual results had expenditures of \$1,050,147 less than what was budgeted due to fewer expenditures in all functions (most notably general government, police, and courts). The budget, as originally adopted, for the Confiscated Asset Fund included expenditures of \$5,000 with no budget amendments. Overall actual results had expenditures of \$34,022 more than what was budgeted due to greater expenditures in the police function than expected.

Capital Assets and Related Liabilities

The City's investment in capital assets for its governmental activities as of year-end amounts to \$23,177,540 (net of accumulated depreciation). The investment in capital assets includes land, construction in process, land improvements, buildings and improvements, infrastructure, machinery and equipment. Among the significant activity in 2017 was construction on the Main Street Realignment/Improvement project, construction progress made on the new City Hall building, and the purchase of various City vehicles.

Readers should refer to Note 5 of the financial statements for more information on capital asset activity.

Requests for Information

The annual financial statements are designed to provide a general overview of the City's finances. Questions concerning any of the information provided should be addressed to the City Manager, City of Lilburn, 76 Main Street, Lilburn, Georgia 30047.

CITY OF LILBURN, GEORGIA

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2017**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (834,345)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	
Acquisition of capital assets	3,287,712
Depreciation expense	(486,745)
Disposals of capital assets	(513,032)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the fund statements.	5,790
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Change in compensated absences	<u>12,094</u>
Change in net position - governmental activities	<u>\$ 1,471,474</u>

The accompanying notes are an integral part of these financial statements.

CITY OF LILBURN, GEORGIA

GENERAL FUND STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES - BUDGET AND ACTUAL FOR THE FISCAL YEAR ENDED JUNE 30, 2017

	Budget		Actual	Variance With Final Budget
	Original	Final

The accompanying notes are an integral part of these financial statements.

CITY OF LILBURN, GEORGIA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2017

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Lilburn, Georgia, (the “City”) was incorporated in 1955 and operates under a Mayor-Council form of government and provides the following services to its citizens: public safety (police), public works (highways and streets), recreation and parks, planning and zoning, building inspection, code enforcement, municipal court services, and general and administrative services.

The financial statements of the City have been prepared in conformity with the accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the City are described below.

As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the City (the primary government) and its component unit. The component unit discussed below is included in the City’s reporting entity because of the significance of its operational or financial relationship with the City. In conformity with generally accepted accounting principles, the financial statements of the component unit are presented as a discretely presented component unit. The City of Lilburn Downtown Development Authority (the “DDA”) is the discretely presented component unit of the City. The seven members of the Board of Directors of the DDA are appointed by the City Council. The City also has the ability to impose its will on the DDA as the City Council can remove appointed members of the Board of Directors at will; approve the budget of the DDA; and has the ability to hire and dismiss the personnel responsible for the daily operations of the DDA. The City of Lilburn Downtown Development Authority’s financial information is maintained by the City’s Finance Department. However, separate financial statements are not prepared.

B. Government Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Government-wide financial statements do not provide information by fund, but aggregate the City’s governmental activities. Governmental activities are normally supported by taxes and intergovernmental revenues. The statement of net position will include non-current assets and non-current liabilities. In addition, the government-wide statement of activities reflects depreciation expense on the City’s capital assets.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not considered program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in a different fund.

The **2004 SPLOST Fund** is a capital project fund the City established to account for the financial resources provided from a one cent special purpose local option sales tax approved by voters in 2004.

The **2009 SPLOST Fund** is a capital project fund the City established to account for the financial resources provided from a one cent special purpose local option sales tax approved by voters in 2009.

The **2014 SPLOST Fund** is a capital project fund the City established to account for the financial resources provided from a one cent special purpose local option sales tax approved by voters in 2014.

The **2017 SPLOST Fund** is a capital project fund the City established to account for the financial resources provided from a one cent special purpose local option sales tax approved by voters in 2017.

The **Capital Projects Fund** accounts for capital projects with financing other than SPLOST.

The City aggregates the non-major governmental funds into a single column in the fund financial statements. This includes a special revenue fund to account for the activity related to specific revenue streams.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Sales taxes are recognized predominately when the underlying transaction occurs. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay for current obligations. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenue related to reimbursement basis grants are recognized as allowable expenditures are incurred. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the City.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

D. Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of purchase.

The local government investment pool, "Georgia Fund 1," created by OCGA 36-83-8, is a stable asset value investment pool, which follows Standard and Poor's criteria for AAAf rated money market funds and is regulated by the Georgia Office of the State Treasurer. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1 per share value). The asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participants' shares sold and redeemed based on \$1 per share. The pool also adjusts the value of its investments to fair market value as of year-end and the City's investment in the Georgia Fund 1 is reported at fair value. The City considers amounts held in Georgia Fund 1 as cash equivalents for financial statement presentation.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Other Assets

The City's other assets consist of real estate properties held by the Downtown Development Authority. These properties are held with the intention of future development within the City's downtown area and are not held for income or profit purposes. As such, these assets are recorded at cost.

F. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as all other outstanding balances between funds are reported as "due to/from other funds."

Activity between the City and its component unit that is representative of lending/borrowing arrangements outstanding at the end of the year are referred to as "advance to component unit" and "advance from primary government" as it is not expected to be repaid within the current period.

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation. As allowed under GASB Statement No. 34, the City did not capitalize any infrastructure purchased or donated prior to the implementation of GASB Statement No. 34.

The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized.

Capital assets of the City are depreciated using the straight line method over the following useful lives:

<u>Asset</u>	<u>Years</u>
Land improvements	30
Buildings and improvements	20-40
Machinery and equipment	3-10
Infrastructure (roads)	10-50

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the City does not have a policy to pay any amounts when the employees separate from service with the City. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

I. Net Position and Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance – Generally, fund balance represents the difference between the assets, liabilities and deferred inflows of resources under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- **Nonspendable** – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- **Committed** – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council through the adoption of a resolution. Only the City Council may modify or rescind the commitment, also by resolution.
- **Assigned** – Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the City Council has authorized the City's finance committee to assign fund balances.
- **Unassigned** - Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Net Position and Fund Equity (Continued)

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order:

- Committed
- Assigned
- Unassigned

Net Position - Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted. The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

J. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has no financial items that qualify for reporting in this category.

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has only one type of item, which arise only under a modified accrual basis of accounting that qualifies for reporting in this category. Unavailable revenue is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes as these amounts are deferred and will be recognized as an inflow of resources in the period that the amounts become available.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred inflows of resources, and deferred outflows of resources, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. LEGAL COMPLIANCE - BUDGETS

Budgets and Budgetary Accounting

The City of Lilburn, Georgia follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The City's annual budget is prepared based on anticipated revenues and appropriated expenditures. Revenue anticipation is designed to help insure fiscal responsibility and maintain a balanced budget. Budgeting is the responsibility of the Mayor and the City Council members, with assistance provided by the City Manager and his designated staff persons.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to June 30, the budget is legally enacted by passage of an ordinance.
4. The level of legal budgetary control is the department level. Council approval is required to increase or decrease the total budget of any department.
5. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for the General Fund and the Special Revenue Fund. A project length budget is adopted for all Capital Projects Funds.

No significant supplementary budgetary appropriations related to expenditures were made during the current year.

The following funds had departments with excess of actual expenditures over appropriations for the fiscal year ended June 30, 2017:

General Fund - Transfers out	\$	37,295
------------------------------	----	--------

These over expenditures were funded by greater than anticipated revenues and by available fund balance.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND OTHER ASSETS

Governmental fund balances in excess of amounts required for the City's daily operating activities were invested in the Georgia Fund 1 during the year. Georgia law authorizes local governments to invest in the following types of obligations:

1. Obligations of the State of Georgia or of any other states;
2. Obligations issued by the United States;
3. Obligations fully insured or guaranteed by the United States government or governmental agency;
4. Obligations of any corporation of the United States government;
5. Prime bankers' acceptances;
6. Georgia Fund I state investment pool;
7. Georgia Extended Asset Pool (GEAP);
8. Repurchase agreements; and
9. Obligations of other political subdivisions of the State of Georgia.

Any bank deposit in excess of the total FDIC insured amount must be secured by 110% of an equivalent amount of State or U.S. obligations.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND OTHER ASSETS (Continued)

Investments, with a fair value of \$2,249,841 consist of an investment in the Georgia Fund 1, a local government investment pool managed by the State of Georgia Office of the State Treasurer. As the investment in the Georgia Fund 1 represents ownership of a portion of a large pool of investments these amounts are not categorizable for custodial risk disclosure. The City's investment in the Georgia Fund 1 has been valued at fair market value.

Credit Risk:

At June 30, 2017, the City's investment in the Georgia Fund 1 was rated AAf by Standard & Poor's and had the following weighted average maturity:

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
Georgia Fund 1	26 day weighted average	<u>\$ 2,249,841</u>

Interest Rate Risk:

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of investments. The City manages interest rate risk by limiting maturities to three years.

Fair Value Measurements:

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The Georgia Fund 1 is an investment pool which does not meet the criteria of GASB Statement No. 79 and is thus valued at fair value in accordance with GASB Statement No. 31. As a result, the City does not disclose the investment in the Georgia Fund 1 within the fair value hierarchy.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. DEPOSITS AND OTHER ASSETS (Continued)

Custodial Credit Risk - Deposit:

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. The State of Georgia requires financial institutions to pledge securities at 110% of a local government's deposits. At June 30, 2017, all of the deposits of the City were fully collateralized in accordance with the state statutes.

NOTE 4. RECEIVABLES

The City receives property tax assessments from Gwinnett County, Georgia. Tax bills were levied on all real and personal property as of January 1, 2016 and were mailed to taxpayers in August 2016. The due date for these taxes was October 15, 2016, and after that date, both penalty and interest are accrued until the taxes are collected. The lien date was January 1, 2017. Receivables are recorded when taxes are levied and billed (October 1).

Receivables at June 30, 2017, along with the allowance for uncollectible accounts, are as follows.

	<u>General</u>	<u>2014 SPLOST</u>	<u>2017 SPLOST</u>
Receivables:			
Property taxes receivable	\$ 50,272	\$ -	\$ -
Intergovernmental receivable	130	288	157,330
Allowance for uncollectible	(9,843)	-	-
Net total receivables	<u>\$ 40,559</u>	<u>\$ 288</u>	<u>\$ 157,330</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 5. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2017 is as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Transfers</u>	<u>Ending Balance</u>
Governmental activities:					
Capital assets, not being depreciated:					
Land	\$ 5,700,202	\$ -	\$ (236,977)	\$ -	\$ 5,463,225
Construction in process	7,763,078	2,951,333	(196,869)	(2,471,510)	8,046,032
	<u>13,463,280</u>	<u>2,951,333</u>	<u>(433,846)</u>	<u>(2,471,510)</u>	<u>13,509,257</u>
Capital assets, being depreciated:					
Land improvements	6,165,228	-	-	41,368	6,206,596
Buildings and improvements	3,173,171	-	(96,025)	108,758	3,185,904
Machinery and equipment	2,866,034	336,379	(37,322)	-	3,165,091
Infrastructure	2,152,451	-	-	2,321,384	4,473,835
Total	<u>14,356,884</u>	<u>336,379</u>	<u>(133,347)</u>	<u>2,471,510</u>	<u>17,031,426</u>
Less accumulated depreciation for:					
Land improvements	2,006,630	256,478	-	-	2,263,108
Buildings and improvements	1,619,873	57,043	(16,839)	-	1,660,077

Depreciation expense was charged to functions/programs of the City as follows:

Governmental activities:	
General government	\$ 146,023
Police	219,035
Streets	73,012
Recreation	9,735
Planning and zoning	<u>38,940</u>
Total depreciation expense - governmental activities	<u>\$ 486,745</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM LIABILITIES

Activity of the long-term liabilities of the City for the year ended June 30, 2017 is as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:					
Compensated absences	\$ 199,890	\$ 241,977	\$ 254,071	\$ 187,796	\$ 187,796
Governmental activity					
Long-term liabilities	<u>\$ 199,890</u>	<u>\$ 241,977</u>	<u>\$ 254,071</u>	<u>\$ 187,796</u>	<u>\$ 187,796</u>

The General Fund typically is the funding source of payment for the compensated absences payable.

The Downtown Development Authority acquired a line of credit on July 16, 2009. The line of credit was for up to \$1,500,000 and carried a variable interest rate equal to the floating prime rate, with a floor of 5%. The line of credit's original maturity date was July 15, 2010 with extensions extending maturity to March 1, 2016. On May 27, 2016, the line of credit limit was restructured to reduce the amount to \$1,000,000 and issue a note payable, with the same financial institution, for \$550,000. The interest rate on the note payable and the line of credit is the prime rate plus .5%, which, at June 30, 2017, was 3.5%. In June 2017, the line of credit maturity was extended to June 27, 2018. The note payable matures on April 27, 2019. As of June 30, 2017, the balance of the line of credit is \$608,925 and the balance of the note payable is \$520,208. The City has guaranteed the line of credit and note payable of the Downtown Development Authority and should the need arise, the City will pay the debt on behalf of the Authority.

Activity on the Downtown Development Authority's debt for the year ended June 30, 2017 is as follows:

	<u>Beginning Balance</u>	<u>Draws</u>	<u>Payments</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Downtown Development Authority					
Line of Credit	\$ 601,387	\$ 7,538	\$ -	\$ 608,925	\$ 608,925
Note Payable	550,000	-	29,792	520,208	27,500
	<u>\$ 1,151,387</u>	<u>\$ 7,538</u>	<u>\$ 29,792</u>	<u>\$ 1,129,133</u>	<u>\$ 636,425</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 6. LONG-TERM LIABILITIES (CONTINUED)

The future debt service requirements of the note payable of the Downtown Development Authority as of June 30, 2017 is as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2018	\$ 27,500	\$ 18,207	\$ 45,707
2019	492,708	17,245	509,953
Total	<u>\$ 520,208</u>	<u>\$ 35,452</u>	<u>\$ 555,660</u>

NOTE 7. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of June 30, 2017 is as follows:

Due to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Capital Project Fund	\$ 120,636

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Advance to component unit:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	DDA	\$ 2,245,614
Capital Project Fund	DDA	900,596

The General Fund and Capital Project Fund (primary government) advanced funds to the Downtown Development Authority (DDA) which will not be repaid within the next fiscal year. Amounts are shown as an advance (long-term). Amounts were for the DDA to purchase real estate properties within the City and the advance will be repaid when properties are sold as part of redevelopment of the City.

Interfund transfers for the year ended June 30, 2017 are as follows:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
Capital Projects Fund	General Fund	\$ 237,295
2014 SPLOST Fund	General Fund	50,000

NOTES TO FINANCIAL STATEMENTS

NOTE 7. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS (Continued)

Transfers are used to (1) move revenues from the fund that statute or budget requires collecting them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 8. JOINT VENTURE

Under Georgia law, the City, in conjunction with other cities and counties in the ten (10) county Atlanta area, is a member of the Atlanta Regional Commission and is required to pay annual dues thereto. During its fiscal year ended June 30, 2017, the City's membership dues were paid by Gwinnett County, Georgia. The City did not pay any annual dues. Membership in a Regional Commission is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the Regional Commission in Georgia.

The Regional Commission Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of a Regional Commission. Separate financial statements may be obtained from:

Atlanta Regional Commission
3715 Northside Parkway
200 Northcreek Suite 300
Atlanta, Georgia 30327

NOTE 9. PENSION PLAN

The City's supplemental pension plan, City of Lilburn Money Purchase Pension Plan, a defined contribution plan is administered by an insurance company, Citistreet. All full-time employees are covered after one year of service. The City is required to contribute 10% of annual covered payroll, with 100% of these funds going into a fixed-rate savings account. The City's total payroll for the fiscal year was \$3,387,522, including \$3,183,220 of payroll covered by the plan. Contributions by the City totaled \$318,322 for the fiscal year ended June 30, 2017 and no employees contributed to the Plan. Plan provisions and contribution requirements are established by City ordinance and may be amended by the Lilburn City Council.

Effective January 1, 2009, the City has a five year vesting schedule as follows:

Less than 2 years	0%
At two years	25%
At three years	50%
At four years	75%
At five years	100%

NOTES TO FINANCIAL STATEMENTS

NOTE 10. RISK MANAGEMENT

The City is exposed to various risks of losses related to: torts, thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other municipalities in the state as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Georgia Municipal Association Group Self-Insurance Workers Compensation Fund, public entity risk pools currently operating as common risk management and insurance programs for member local governments.

As part of these risk pools, the City is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the City within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The funds are to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

Settled claims in the past three (3) years have not exceeded insurance coverage.

NOTE 11. COMMITMENTS AND CONTINGENCIES

Litigation:

The City is involved in pending lawsuits in the normal course of the City's business. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the City.

Grant Contingencies:

The City has received grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, management of the City believes such disallowances, if any, will not be significant.

COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**Honorable Mayor and Members
Of City Council
City of Lilburn
Lilburn, Georgia**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Lilburn, Georgia (the "City") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated November 8, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses as items 2017-001 and 2017-002, that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The City's Responses to Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Mauldin & Jenkins, LLC

CITY OF LILBURN, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES
FOR THE FISCAL YEAR ENDED JUNE 30, 2017

Section I – Summary of Auditor’s Results

Financial Statements

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP: Unmodified

Internal control over financial reporting:

Material weaknesses identified? yes no

Significant deficiencies identified not considered to be material weaknesses? yes none reported

Noncompliance material to financial statements noted? yes no

Federal Awards

There was not an audit of major federal award programs as of June 30, 2017 due to the total amount of federal awards expended being less than \$750,000.

CITY OF LILBURN, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES
FOR THE FISCAL YEAR ENDED JUNE 30, 2017

Section II – Financial Statement Findings

Finding 2017-001 – Expenditure and revenue recognition and related liabilities and assets

Criteria: Generally accepted accounting principles (“GAAP”) require that liabilities in governmental funds be reported when goods or services have been received and payment is expected to be made from current and available resources, regardless of the timing of related cash payments. GAAP also requires revenues be reported, under the modified accrual basis of accounting, when they’re realized or realizable and are measurable and available.

Condition: Internal controls did not detect various misstatements in the reporting of certain of the City’s expenditures and revenues and related liabilities and assets.

Context/Cause: As a result of our testing, audit adjustments were required as follows:

- To reduce expenditures and accounts payable by \$122,705 in the 2014 SPLOST fund for amounts which were accrued in the prior year and not reversed by the City.
- To reduce revenues and receivable by \$173,036 in the 2014 SPLOST fund for amounts which were accrued in the prior year and not reversed by the City.
- To record revenue and receivable of \$157,330 in the 2017 SPLOST fund for amounts which were available, but cash payments were not received until after the City’s fiscal year-end.
- To reduce grant revenue and receivables by \$219,368 in the Capital Projects fund for amounts which were accrued in the prior year and not reversed by the City.

Effects: Audit adjustments in the amount of \$672,439 were required as detailed above.

Recommendation: We recommend the City ensure that liabilities and related expenditures are reported when goods and services have been provided. We also recommend the City reconcile the accounts payable sub-ledger to the general ledger on a monthly basis. We also recommend the City ensure revenues and related receivables are recorded when earned.

Views of Responsible Officials and Planned Corrective Action: The City agrees with the recommendation. The Finance department will work to determine that liabilities are posted when goods and services have been provided and revenues are recorded when earned.

CITY OF LILBURN, GEORGIA

SCHEDULE OF FINDINGS AND RESPONSES
FOR THE FISCAL YEAR ENDED JUNE 30, 2017

Section II – Financial Statement Findings (continued)

Finding 2017-002 – Fiscal Year-End Financial Close and Reporting Controls

Criteria: Internal controls should be in place to ensure that all amounts reported within the financial statements are accurate and have been reconciled to subsidiary ledgers and underlying accounting records.

Condition: Due to ineffective controls surrounding the fiscal year-end financial close procedures, certain audit adjustments were necessary at June 30, 2017.

Context/Cause: As a result of our testing, audit adjustments were required as follows:

- To adjust transfers out and expenditures in the General Fund for \$64,000, in order to balance transfers across all funds. Amount was improperly posted to expenditures of the City.
- To record transfers of \$50,000 from the General Fund to the 2014 SPLOST fund for a due to/from balance the 2014 SPLOST fund was determined to not be able to repay.
- To adjust legal fees, bank charge, interest expense, and line of credit payable by \$9,233 in the Downtown Development Authority to properly record activity on the Authority's line of credit.
- Entries totaling \$546,426 in the Downtown Development Authority were required to record the transfer (contribution) of capital assets from the City and the subsequent sale of those assets by the Authority.

Effect: Audit adjustments totaling \$719,659 were required as detailed above.

Recommendation: We recommend the City's Finance Department implement and/or strengthen internal controls surrounding the fiscal year-end financial close out procedures. We also recommend management reconcile account balances monthly to subsidiary ledgers and account statements so as to ensure proper and timely recording of transactions. We also recommend the City communicate with the Downtown Development Authority to ensure all transactions are properly recorded by the Authority.

Views of Responsible Officials and Planned Corrective Action: The City agrees with the recommendation above. The Finance Department will update controls and ensure account balances are adjusted for timely and accurate reporting.
