

City of Lilburn – Parcel Viewer User Help Guide

② App Info Panel: Displays info about the Parcel app.

③ Photo Capture: Allows for export of map snapshot as photo.

⑦ Map Tools: Navigation and Map interaction.

④ Map Tools: Navigation and Map interaction.

① Map Area: Displays Parcel Data.

⑤ Base Map: Switches between imagery and street basemaps.

⑥ Layers: Allows for toggle and visibility of map layers.

The screenshot shows the 'Tax Parcel Viewer App' interface. On the left is an 'App Info Panel' with user details and application metadata. The main area is a map of Lilburn with parcel boundaries highlighted in red. A toolbar on the left contains navigation and capture tools, while a toolbar on the right contains map interaction tools. A bottom toolbar allows switching between map styles and managing layers. The interface is titled 'Lilburn Open Data' and 'Tax Parcel Viewer'.

City of Lilburn – Parcel Viewer User Help Guide

② App Info Panel:

This panel provides details and metadata for the application. Hover over the panel to pop up buttons.

-  Info Button allows for collapse of the info panel.
-  The star button allows you to add the app to your favorites.
-  The share button allows for easy sharing to social media.
-  Translation button for language options.

Map Navigation:

- TO PAN: Click and drag the mouse to Pan around the map.
- TO ZOOM: Use the scroll mouse wheel to Zoom in and out of map.

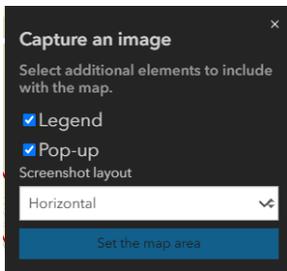

⑦

-  Zoom in closer to data.
-  Zoom out farther from data.
-  Zoom out from data back to default map extent.
-  List of Keyboard shortcuts.
-  Reorient the map back to North.

④

-  Displays disclaimer and information.
-  Displays map legend.
-  Find my location. Zooms to user's current location.
-  Search for an address.

③ Photo Capture:

Capture an image

Select additional elements to include with the map.

- Legend
- Pop-up

Screenshot layout

Horizontal

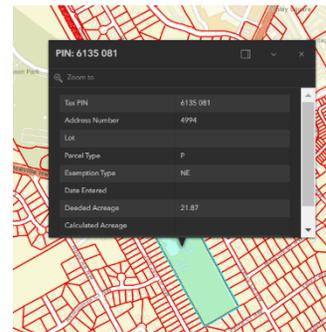

Set the map area

1. Choose if you'd like to include the legend or pop-up info (must select parcel in map).
2. Click and drag to create a rectangle around area of interest then release. It will generate an image for download.

View Parcel Information:

To view Parcel information simply click on the parcel of interest and a pop-up with parcel information will appear.
